## CITY PAVES WAY TO TAX RELIEF HERE

### Amending of Charter Essential Step In Plan

### VOTE MARCH 28

### Utility Profits Will Help to Lift Load

Efforts of the city council to secure substantial relief for the Redwood City taxpayer by diverting a part of the accrued surplus earnings of the water department to the general fund were discussed at a council meeting Tuesday night.

Success of the program, however, depends on the approval of the charter amendments which will be voted upon by the citizens March 28.

City Councilman Paul McCarthy explained that the council has under consideration the transfer of $12,500 from the earnings which have accrued in the water fund over a period of years to be applied to general taxation.

This will reflect in a 10-cent tax reduction, McCarthy said.

The transfer, it must be understood, cannot be made except by amending the city charter by vote of the people.

Transfer of the accrued surplus from the water fund to the general fund would be the alternative step to lowering the water rates.

The latter plan, McCarthy and City Manager Ernest Rolison explained, would be unwise and dangerous.

Retention of the present rates is absolutely necessary until it has been determined what San Francisco will charge the city for water.

Infiltration of salt water into the domestic wells and the lowering of the water table, Rolison warned, must make necessary the carrying of a substantial fund as surplus to provide for emergencies in the water department.

Lowering of rates, he said, would merely take off a part of the burden of outside users, throwing this onto the shoulders of the taxpayers.

Those facts will be laid before the service and promotion clubs in the city by council speakers in the next two weeks so that passage of the charter amendments may be assured. The charter as it stands would handicap the city's program for tax relief.

## Swift, Former Gazette Editor, Seriously Ill

### Entered Newspaper's Offices as Printer In 1876

J. V. Swift, the veteran editor, is seriously ill at his home on Warren street. His relatives and friends are much alarmed concerning his condition.

Mr. Swift entered the Times-Gazette office in 1876 to learn the trade of printer and remained with the paper for many years until he became part owner of the Democrat, later owning the plant. Mr. Swift became a forcible and trenchent writer, his ability being recognized by all newspapermen.

He possessed a very retentive memory. He could quote poetry learned 40 years ago. Swift was a great student and could recite poems by all the great authors.

He served two terms under the Wilson administration as postmaster of Redwood City. On his termination of office, Swift retired from active business.

His numerous friends throughout the county hope he may survive his present illness.

Mr. Swift was born in the Canada, near the Spring Valley Lake. In boyhood his parents moved to Redwood City, where he has resided all his life.

Mr. Swift became a close friend of Fremont Older when the latter was editor of the Times-Gazette in the early eighties, and that friendship grew with the passing years. Mr. Older visited his former boyhood chum yesterday.

Fremont Older is the editor of the Call-Bulletin of San Francisco.

## RELIEF LOAN APPEAL HITS LEGAL SNAG

### County Bonds Cannot Be Accepted As Security

### NOT TAX FREE

### Rolph Will Intercede For Direct Loan

Appeal of the County of San Mateo to the San Francisco office of the Reconstruction Finance Corporation for a $118,000 loan for relief purposes was unavailing late yesterday, District Attorney Edmund Scott reported today, and a new course is to be pursued.

Scott will ask Gov. James Rolph Jr. to make a request for an outright loan to the county from the Washington office of the federal finance board.

The San Francisco office informed Scott that the relief bonds proffered by the county yesterday could not be accepted as they were not self-liquidating, but tax-supported.

Bonds of a city or county utility, such as the Redwood City Water Department or the Belmont County Water District, could have been accepted, Scott learned. These bonds would be met by income from the utility and not from taxation of the people.

The advantage to the county of securing a loan from the federal board is that an interest rate of 3½ per cent can be secured.

This is exceptionally low compared to what the relief bonds, if marketed now, might bring. Scott was of the opinion that the bonds would draw no bids for rates under 5 or 6 per cent at this time.

Scott's appeal to the governor will be sent by the afternoon mail. It is expected that some 30 days will be required before the federal government can complete the loan details and place the money to the county's credit.

With the relief funds acquired in the sale of the first $112,000 block of the bonds nearly exhausted, the county could draw on a $70,000 fund accrued for use on the Ocean Shore highway project for temporary relief. This fund would be reimbursed when the federal loan comes through.

## County Exhibit For World Fair On Way to East

San Mateo county's exhibit for the world's fair in Chicago was speeding eastward today, following the completion of the display by Roscoe D. Wyatt, manager of the county chamber of commerce.

The exhibit is a photographic one showing the business, recreational and scenic advantages of the San Francisco peninsula. Wyatt succeeded in getting a greater number of scenes of San Mateo county than was the fortune of other counties of the state.

The chamber of commerce manager returned Sunday from a three-day visit in Los Angeles in the interests of the exhibit.

### Inspires Confidence

The Roosevelt administration started with a bang that at once inspired confidence. The entire people are behind the president. Political lines are obliterated for the present. This is a time when all should support and sustain the chief executive to the end that the country may be restored to prosperity and the people once again brought back to happiness and the enjoyment they once had. President Roosevelt has the full confidence of the people. He is a man of ability and has gathered about him the brains of the country and with a full rein the president will bring better times to the United States. He has started right and let us hope the good work will be continued.

## City Checking Up On Garbage Law Violations

### Health Department Mails Notices To Public

The city's department of public health today was mailing notices to all persons who are not disposing of their garbage in accordance with ordinance No. 339.

Citizens are advised that, in order to be exempt from garbage collection service, it will be necessary to promptly fill the blank enclosed with the notice and return the same to the city health officer.

If the form is not returned, or in the event the method of disposal proposed by the householder does not conform to the requirements of the ordinance, service will be rendered by the regular licensed collector and a charge will be made in accordance with the rates provided in the law. The charge will be added to the water bill and collected in the same place and manner that water bills are collected.

One collection per week (20 gallons) is 50 cents a month—the same rate which was charged by the private collector before the service was taken over by the city.

Two collections per week (20 gallons per collection) cost $1 per month; and each additional 20 gallons per collection costs 35 cents per month.

In order that service can be rendered, proper receptacles must be provided.

To obtain exemption, evidence of satisfactory disposition of garbage must be filed with the health officer.

The object of the ordinance is to halt promiscuous dumping of garbage and refuse—a practice which has grown to alarming proportions.

## Fines Imposed For Shooting Of Game Birds

Fines of $25 each were imposed Monday by Justice of the Peace Edward McAuliffe here against Bert Carnvetti, Menlo Park gardener, and William Rapley, 27, La Honda rancher, for shooting of game girds.

J. E. McCurdy of San Mateo is counsel for the plaintiffs.

Redwood City's harbor took on the aspect of a big seaport Friday when the Point Ancha, the largest ship yet to enter the local channel, docked at the private wharf of the Pacific Portland Cement Company.

The ship loaded 38,800 sacks of cement for Balboa, Canal Zone. A busload of stevedores was brought from San Francisco to load the ship.

The Point Ancha is operated by the Gulf Pacific Mail Line.

Some officials of the chamber of commerce were present to witness the loading of the biggest ship in the port's history.

## Bayshore Seeks To End Delays In Garbage Row

Continued delays in getting the "fill and cover" garbage disposal matter between the Southern Pacific, Scavengers' Protective Union and County of San Mateo settled, today brought a protest to the supervisors from 38 residents of the Bayshore district.

The matter was referred to Supervisor Albert Witt of Colma. Delay has occurred because Judge R. R. Syer of San Jose and Judge Franklin Swart have not been able to agree on a date when Judge Syer can hear the case here.

## Marine Gas Tax To Make Yacht Harbor Favored

Redwood City's yacht harbor may be improved under a marine gasoline tax similar in purpose to the highway gasoline tax if other cities follow this municipality's lead in endorsing Assembly Bill No. 1563.

Approval was voted by the city after the bill was explained Tuesday night by Councilman Paul McCarthy.

Three cents per gallon would be charged, the same fee as for state highway purposes. Marine users of gasoline now pay the tax, but get a refund. The state would apportion the funds to the cities on the basis of the number or craft registered in the various harbors.

McCarthy cited figures which showed ownership of 1,400,000 motorboats and yachts in the United States at the present time, with an investment represented of $3,647,000,000. Without any special effort, this business has shown a 15 per cent annual increase over the past decade, McCarthy said.

Value of a yacht harbor to a city is shown by the fact that Hampton Roads nets $500,000 per year from its marine tourists, the councilman said.

Because the marine tax would build up the local yacht harbor without direct taxation, the city council was unanimous in its approval of the bill. Councilman McCarthy put the motion and Councilman Robert Jones seconded it.

Assemblyman Frederick Peterson and State Senator Harry Parkman will be asked to support the measure.

## LAUNDRIES' PRICE WAR PROTESTED

### Complaints Voiced At C. C. Meeting Here

### OTHER BUSINESS

### Committee Reports Submitted to Directors

That several of the larger outside laundries are cutting prices in an effort to force local laundries out of business was the complaint made to the directors of the chamber of commerce Monday night by B. E. Myers, an interested property owner, and I. D. Brown, manager of a Redwood City laundry.

It was asserted that prices for laundering men's clothing had been cut 50 per cent, and that this meant a loss to all concerned in the price war. It was also stated that, if the price cutting combine were successful in putting its competitors out of business, the prices would go up again.

**Committee Appointed**

Chamber of commerce officials said they recognized the local laundry as a valuable payroll and asset, and agreed to take up the matter with other chambers, since it was pointed out that other peninsula laundries were affected. The San Francisco Chamber of Commerce will also be asked to cooperate in an investigation of the situation, to see what can be done about it.

The dry cleaners' price war was also discussed.

A committee composed of Elmore Hinman, Carl Beeger, Carl Stoner and Guy Kennedy was appointed to handle the matter.

The report of the traffic committee, headed by S. A. Abrahams, was made to the directors. It includes certain boulevard stop additions and a new plan for parking on Broadway, between the railroad and El Camino Real, devised by City Engineer C. L. Dimmitt and City Manager E. A. Rolison.

The druggists' committee reported that local druggists wanted the city's anti-handbill ordinance strictly enforced.

A plan for stimulating building activities, similar to one used in Philadelphia, was discussed.

**Business Area Discussed**

W. D. Ryan, head of the retailers' division, reported that the group urged consideration of the question of concentrating the business district and preventing further extension of business areas.

On motion of Elmore Hinman, seconded by Dr. W. B. Langston, the matter was referred to the city council.

The chamber authorized the Standard Oil Co. to establish an information bureau at the Claremont-El Camino Real station, and is ready to issue similar authorizations to other companies.

## Sheriff Sued Over $1100 Bill For Foodstufs

The Peninsula Stores Ltd., with its principal offices in Burlingame, today filed suit for $1,104 against Sheriff James J. McGrath and others for foodstuffs delivered to the county jail in August to October, 1931.

Suit was necessary when County Purchasing Agent Ernest Werder refused to approve the bill because the supplies were not purchased as required by the new county government bill then in affect.

## Railroad Pays $500 to Victim Of Grade Crash

Elmer E. Hartsough, 450 Clinton street, today accepted $500 as a compromise from the Southern Pacific for injuries incurred November 8 by his daughter, Fay, when an automobile in which she was riding was demolished by a train at the Broadway crossing.

David Cosgrave was counsel for the plaintiff.

Full speed ahead was the order given by Redwood City merchants in plans for their 1933 Spring Opening which is scheduled to take place Thursday, March 16.

At a committee meeting held Thursday, members were unanimously in favor of keeping the date as agreed upon.

Twenty girls are wanted to act as models in local store windows on the afternoon of March 16. Any girl interested is requested to call at the chamber of commerce office on Middlefield road and leave her name, address and phone number with Howard I. Wood, secretary, who will turn the information over to the merchants. The modeling will be in connection with the Spring Opening which is planned to be the most elaborate ever held here.

## Scott Making Charter Test Preparations

District Attorney Edmund Scott prepared today to carry the new San Mateo county charter to the supreme court for a test of certain disputed points.

The board of supervisors, at the request of James B. Howell of Atherton, chairman of the board of freeholders which wrote the charter, requested the action at the board meeting Tuesday.

The sum of $500 was voted by the board for Scott to engage additional counsel in the supreme court litigation.

Howell also requested that the board appoint a committee of five to make a study of the charter changes and prepare for the change in government on July 1.

This was in keeping with a suggestion made several weeks ago by Dr. C. V. Thompson, Burlingame member of the board.

Dr. Thompson therefore moved that the board appoint the committee. Again, as in the first instance, the four remaining members refused to second his motion, and the matter was automatically killed without a vote.

## Veterans Ask Site in Park For Clubhouse

San Mateo county World War, Spanish War and other veterans came forward today with a request that they be given a campsite in the Memorial Park at Pescadero.

The request was made to the board of supervisors by Col. Charles N. Kirkbride of San Mateo, president of the Veterans' Memorial Park committee.

Herbert Harris, Burlingame, also spoke in behalf of the veterans' request.

There are now about 3,000 exservicemen in San Mateo county who would enjoy the benefits of the camp. The veterans ask a campsite of about two to three acres in the 320-acre park. They seek to locate in a section of the park where they will not interfere with the orderly development of the park for public uses.

It is planned by the veterans to build a log cabin clubhouse at their own expense and to otherwise develop the camp as they desire.

The board agreed to meet the veterans' committee in the park on Saturday afternoon, March 18, for the purpose of looking over the suggested site.

## Atherton Storm Ditch Materials To Be Purchased

Work on the Atherton-Las Lomitas drainage project, which has progressed to the stage where materials must now be purchased, will not be held up, the board of supervisors determined today.

At the request of Supervisor John W. Poole, Redwood City, the board instructed Purchasing Agent Ernest Werder to secure the necessary materials. The open ditches over private property will be the first to get the necesary attention, Poole told the board. These will be concreted and closed.

## Husband Held As Murderer Of His Wife

### Tragedy Was Sequel To Quarrel Over Relatives

SAN MATEO, Mar. 6.—A quarrel between man and wife ended tragically today when, according to police, Martin Viuca, 49, service station proprietor, shot and killed his wife, Catherine, 44, in the garden of their home on El Camino Real near 28th avenue.

For four months, or more, the Viucas had been quarreling over her relatives, authorities said. This morning, Viuca asked his wife, while she was hanging out the washing, if she would agree to a reconciliation. She refused.

Later, Viuca asked her if she wanted a divorce. She said yes, but denied that she did when he got a shotgun and threatened her. The husband, however, fired twice, one charge striking her arm and the second killing her.

Armand Goudy, an eyewitness, called police. Viuca, meanwhile, surrendered to officers. He has two sons, Joseph, 23, who operates the service station at 29th avenue and El Camino Real, and Steven Viuca.

The Viucas were married in Czecho-Slovakia 24 years ago and had lived here for seven years.

## Ty Cobb to be On Boy Scouts' Program Here

Ty Cobb, of baseball fame, will be one of the attractions at the big rally to be staged by the Boy Scouts in McKinley school auditorium next Monday evening in honor of Oscar Kirkham, national scout official.

Cobb, now a resident of Atherton, has appeared at several San Mateo county events, and is popular with boys. He will discuss some of his baseball experiences and his present favorite pastime, golf.

Skipper John Rhoda, of the Sea Scouts, Scoutmaster Bob Steffens and Christy Allen, field executive, met last night to complete the program. A crowd of over 600 parents and friends is expected.

## Mrs. Cluness Succumbs at Home in R. C.

Private funeral services were held Monday for Mrs. Mary Laird Cluness, who passed away Saturday evening at her home at 111 Wellesley road following a long illness.

Mrs. Cluness, who was in her 90th year, was the widow of the late Dr. W. R. Cluness and had resided in Redwood City for the past three and one half years with her daughters, Mary E. and Mabel T. Cluness. A son, Dr. W. R. Cluness Jr., died several years ago. Mrs. Cluness was a cousin of Mrs. Morris S. Cooper of this city.

The family came to Redwood City after a long period of residence in Alameda and had also lived at Los Gatos.

The Rev. Norman W. Pendleton of the First Congregational Church officiated at the service, which was conducted at the Cypress Lawn chapel by the James Crowe Co.

*More than a BETTER way to cook .... a SIMPLER way!*

*Electric* RANGES FOR *Easier* MEALS
*that save you money... that taste better...*

NO OTHER COOKING METHOD is so easy. Nothing complicated, nothing difficult to master. One needs but to set two simple automatic devices. Nothing to worry about because these automatic controls of time and temperature are electric controls, as quick and certain in action as the switch you click to turn on your electric lights.

No other cooking method is so certain. In fact, women who cook with an electric range forget a meal is being cooked in the range, so certain are they of its repeated time-after-time successes. Then, too, pots and pans and kitchen walls stay bright and new as though there were no stove in the kitchen.

Yes, the electric range makes actual cash savings on your food bills. Meat roasts, fish or fowl retain juicy tenderness with far less drying out. Actual food shrinkage is less, from 20 to 33 per cent—a fact reason why electric range cooking saves money.

See the 1933 models of electric ranges on display in our office or at your dealer's store. Note the finer finish and thicker insulation on the oven walls and doors of these ranges. You will be surprised at the lower prices on these finer quality products. Ask, too, about the easy purchase terms on these new electric range models.

**BICYCLE STOLEN**

HILLSBOROUGH, Mar. 9.—This bicycle craze has its drawbacks, too. Miss Margaret McKenna borrowed a 'bike' of John Brennan, 555 Ravenscourt avenue, to ride to church. When she left the mid-week prayer service, she found the bicycle had disappeared.

# Menlo Park

The American Legion Post of Menlo Park will hold a meeting next Thursday evening to approve fifteen new members who will be initiated the following Tuesday. After the routine business Tuesday evening, a whist party is to take place.

The city council met Tuesday evening. No business was transacted, although several matters of importance were discussed at some length. The council will again meet next Tuesday evening.

On March 13, Mrs. Matty W. Hill of Menlo Park will be hostess at a meeting to be held for the purpose of sewing on clothing for needy children.

Mrs. Alfred E. Blake has returned to her home in Menlo Park after a 10-day visit in Southern California. She was a guest of Mr. and Mrs. Peter J. Somers in Los Angeles and Mr. and Mrs. Walter E. Teague in Beverly Hills. She also spent two days in the desert, stopping at Mission Inn in Riverside and at Palm Springs.

Last Saturday as the funeral cortege of Mrs. Catherine Fitzgerald passed through Menlo Park from San Francisco to Holy Cross Cemetery it was joined by a large number from here. Mrs. Fitzgerald passed away at San Francisco on Thursday after a long illness. Mrs. Fitzgerald's early years were passed in Menlo Park, where she was universally liked. She is survived by her four children: Joseph Nash of San Carlos, Catherine and Samuel of San Francisco, and Mrs. Mollie Crane of Long Beach.

It is pitiable to see the numerous young men boarding the blind baggage of trains here. These young men should be taken care of in military camps by the government or else we will become a nation of tramps. Many of the boys are of good character now but if allowed to roam about the country they will sooner or later become hardened criminals.

Samuel M. Shortridge of Menlo Park, former United States senator, is expected home from Washington this week to begin a law practice in San Francisco, where, as a young man, he started his practice.

Thousands of wild pigeons in this community would make good food for those out of work but the birds cannot be hunted because it is against the federal law. Several paid government agents are here protecting the pigeons, which are destructive to the grain being sown at this time. They cannot sing. They are only predatory birds. The government should raise the ban at this time and permit the people to shoot them for food. It is foolish laws like this one that make radicals. The pigeons are so abundant that five or six could be taken in one shot and these would be enough meat for a whole family.

Thomas Griffin and his two sisters called on friends in Menlo Park Sunday. For 45 years Mr. Griffin was the customs attorney for the Southern Pacific Company. His early boyhood was spent at the Hayes ranch at Atherton. As a boy he romped around Menlo Park. He was a close friend of the late W. J. Murray. All the old pioneers were known by him.

Mr. and Mrs. Hugh Porter will close their San Francisco home soon to spend the summer as usual, in Menlo Park.

Mr. and Mrs. Edward Engle Eyre were dinner hosts in Atherton Tuesday evening. The affair was planned in farewell to Mr. and Mrs. Lalor Crimmins who will leave Saturday for New York and Europe.

Mr. and Mrs. Stewart Lowery are due home shortly after a visit in New York. They will reopen their home in Menlo Park early in the summer.

St. Patrick's Day celebration this year will be bigger and better than ever before. This annual event always fills the Hall of the Nativity to the doors. The attendance this time, owing to the program, will be large, so those having tickets better come early and be sure of a seat. The performance takes place on Thursday evening next at 8:30 o'clock. Following is the program in full.

Overture—Wearing of the Green, Sharkey's orchestra, Newell Sharkey conducting; 1. Vocal selections—duet, Dorothy S. Durysea, Erwin Best, basso; Mrs. R. Folger, accompanist; a—T'is the Last Rose of Summer (arranged by Shane O'Kelly); b—Too-Ra-Loo-Ra-Loo-Nal (arranged by J. Shannon); c—Smiling Through (arranged by Arthur Penn); 2. Accordion selection, melody of Irish airs by Secundo Penna; 3. Monologue—Who's Who, by Tom Kane, manager Sequoia Theatre; 4. Vocal selections, by Miss Mooney of San Francisco; 5. Recitation and Travelogue, by Adrienne O'Boyle; a—Dawn on the Irish Coast; b—Ireland as Seen Last Year; 6. Singing and dancing, by the O'Neill Sisters; 7. New Song Hits, by San Mateo Lodge of Elks Band; 8. Vocal Selections, by San Mateo Lodge of Elks trio, Alpheus McGovern, Ray Spangler and Harry Call; 9. In Some Comedy, By Charles Marshall, National Broadcasting System. Master of Ceremonies, Dr. J. C. McGovern.

## License Pleas Are Heard by Councilmen

Two pleas by veterans for free licenses to operate in this city against established businesses were refused by the city council Tuesday night.

Joe A. Abramopoulos, San Francisco, sought a free license to peddle hams, bacon and cheese to restaurants.

L. Eisner, San Francisco, asked a free license to peddle automobile ignition parts. He said he was not selling to "back yard" mechanics.

S. Gooder, once well to do Monterey merchant now living in Menlo Park, asked the right to call on 10 householders here to sell oranges and apples to make enough to buy insulin so he could keep alive. He said he would prefer death to charity.

The council referred his plea to the chamber of commerce license committee.

The Apex Electric Company, San Francisco, paid the $25 city license and was granted a permit.

Hugh Israel was granted a license to sell soft drinks at the yacht harbor.
